## IAU Flight Reimbursement Form

The Flight Reimbursement program is available to students who wish to visit the St. Lucia campus. We encourage students to tour the campus, meet faculty, explore the island, attend classes, and talk with current students. This opportunity allows selected students a reimbursement of up to \$500 toward their cost of flight only. The reimbursement will be credited toward the student's second semester tuition at IAU. This program is only open to new students beginning the program in semester one and prior approval is required. **Please attach a copy of your flight information along with this form to apply for flight reimbursement.**
